

- x A COOP is an entity that is both owned and controlled by its members.
- x In a worker COOP, the workers own the business, and they participate in its financial success. As members of the COOP, workers also have representation and vote for the board of directors other decisions One worker: one vote.
- x You carpotentially convert your existing business into a COOP, which it

- 1. Research and Readetermine if conversion is ght for you. Then, train and ducate your employees so they can understand the finances of the business.
- 2. Obtain aValuation of your business to use as a starting point a sale price. To find out how to determine what your business is worth, check The ICA Group: Business Valuation
- 3. Define the Structure by documenting your current management plan, cooperative days, and defining the post ransition management
- 4. Filearticles of organization. Incorporation guidelines vary statestate.
- 5. Once the COOP has been launchedineand Evaluateit.
